

To some people the number 13 is bad luck, but not in this instance. NARBW had 13 chapters that banded together and donated time and/or money to those in need. We had 22 Good Samaritans who worked really hard to help others beyond the chapter level.

A special thanks to the chapters who sent in donations to the Lurie Children's Hospital in Chicago in spite of the Convention being cancelled. This is a testament to the kind and generous hearts of our NARBW members.
